

APPLICATION FOR SHORELINE MANAGEMENT SUBSTANTIAL DEVELOPMENT, CONDITIONAL USE, OR VARIANCE PERMIT

TO THE APPLICANT: This is an application for a substantial development, conditional use, or variance permit as authorized by the Shoreline Management Act of 1971. It is suggested that you check with appropriate local, state or federal officials to determine whether your project falls within any other permit systems.

1.	Name of Applicant				
2.	Mailing Address				
3.	Telephone number				
4.	Relation of applicant to property:	☐ Owner☐ Lessee	☐ Purchaser☐ Other		
5.	Name and address of owner, if other	than applicant:			
				_	
				_	
6.	General location of proposed project (nearest quarter section, township, range):				
7.	Name of water area and/or wetlands	within which d	evelopment is proposed:		
8.	Current use of the property with existing improvements:				
9.	Proposed use of the property:				
10.	(To be completed by local official.) such as stream, lake, floodplain, flo low bank or dike; material, such as bulkheading, if any):	odway; type o	f beach, such as accretic	on, erosion, high bank	
	-				

_	
	To be completed by local official.) If the application involves a conditional use or variance, so
	orth in full that portion of the master program which provides that the proposed use may be conditional use, or, in the case of a variance, from which the variance is being sought.

11. (To be completed by local official.) In the event that any of the proposed buildings or structures

<u>PROJECT DIAGRAMS</u>: Draw all site plans and maps to scale, clearly indicating scale on lower right corner, and attach them to the application.

- A. SITE PLAN: Include on the plan:
 - 1. site boundary;
 - 2. property dimensions in vicinity of project;
 - 3. ordinary high-water mark;
 - 4. typical cross section or sections showing:
 - a. existing ground elevations,
 - b. proposed ground elevation,
 - c. height of existing structures,
 - d. height of proposed structures;
 - 5. where appropriate, proposed land contours using five-foot intervals in water area and ten-foot intervals on areas landward of ordinary high water mark, if development involves grading, cutting, filling or other alteration of land contours;
 - 6. show dimensions and locations of existing structures which will be maintained;
 - 7. show dimensions and locations of proposed structures;
 - 8. identify source, composition, and volume of fill material;
 - 9. identify composition and volume of any extracted material, and identify proposed disposal area;
 - 10. location of proposed utilities, such as sewer, septic tanks and drainfields, water, gas, electricity;
 - 11. if the development proposes septic tanks, does proposed development comply with local health and state regulations?
 - 12. shoreline designation according to master program;
 - 13. show which areas are shorelines and which are shorelines of statewide significance.

B. VICINITY MAP:

- 1. Indicate site location using natural points of reference (roads, state highways, prominent landmarks, etc.).
- 2. If the development involves the removal of any soils by dredging or otherwise, identify the proposed disposal site on the map. If the disposal site is beyond the confines of the vicinity map, show the precise location of the site and its distance to the nearest city or town.
- 3. Give a brief narrative description of the general nature of the improvements and land use within one thousand feet in all directions from development site (i.e., residential to the north, commercial to the south, etc.).

I,	, am the above-named applicant for a permit to construct a
substantial development pursuant to the	Shoreline Management Act of 1971, and hereby state that all
information provided in this application State of Washington.	is said to be true under penalty of perjury by the laws of the
