FOR IMMEDIATE RELEASE

Date: July 19, 2010

To: All media

Contact name/phone/e-mail: Cheryl Brinkley, Adult Services Librarian, 338 - 3251

Event/Date: Downloadable Books/ August 2010

Pullman, Washington – Starting August 2010, Neill Public Library will be offering downloadable audiobooks and ebooks through a partnership with the Washington State Library. As part of this program our patrons will have 24/7 access to an Overdrive Digital Media Library. Everything from best sellers to children's titles will be available and can be loaded directly to your computer, i-Pod or personal MP3 player. Although some technical snags caused us to delay our original start time for this service, we are happy to report all issues have been resolved. You can access additional information about this service through the Washington State Library's Downloadable Audiobooks [link](#). The State Library also provides links if you need free resources to access [audiobooks](#) and [eBooks](#) online.

If you have additional questions please contact Cheryl Brinkley, Adult Services Librarian via email at cherylb@neill-lib.org or telephone at 509-338-3251.
