MEMORANDUM

TO: Pullman Historic Preservation Commission

FROM: Jason Radtke, Assistant Planner DR

FOR: Meeting of September 10, 2012

SUBJECT: HPC Open House

DATE: September 4, 2012

During the Historic Preservation Commission's meeting of July 9, the Commission continued its discussion regarding the hosting of a community event, most likely an open house. The Commission concurred that it would like to hold the event at the location of, and in conjunction with, the initial property listing of the Local Register of Historic Places.

The Commission is now asked to consider, in the interest of expediency, whether or not to host the event in a location that is not listed on the Local Register. The planning department would then request guidance on which locations the Commission would like to pursue as a potential venue.

In previous discussions, the Commission indicated its intention to host the event in early to mid-autumn. However, given that this discussion is now taking place in September, this may not be feasible. Therefore, planning would also request guidance on whether the Commission would like to consider postponing the event until later this fall, or possibly moving it to spring. With the Commission input, staff will continue to organize the open house.
